SUMMARY

Full stack engineer with over ten years of experience in creating beautiful websites. Proficient in translating designs into pixel-perfect user interfaces, lending to wonderful user experiences. Excellent soft skills with a love for communicating and collaborating with a team.

EXPERIENCE

Senior Web Developer

09/2020 - 02/2024

Atomicdust ↗

- Built, managed, and updated websites for clients using Wordpress, PHP, SQL, Javascript, JQuery, HTML, and CSS/SCSS.
- Translated award winning designs and mockups into pixel-perfect user interfaces and user experiences.
- Advised designers, project managers, and account managers on questions regarding the technology stack to help communicate requirements to clients and make accurate estimates.
- Helped a client migrate over 10,000 rows of data, spanning posts, events, pages, glossary terms, and data points, and reformatted it to work in a new CMS and layout.
- Updated development stack to allow for the use of new build tools, increasing build speed and efficiency by 25%.
- Delivered customized CMS layouts to clients needs, creating intuitive editing experiences for users.

Web Developer

06/2017 - 09/2020

Falk Harrison ↗

- Developed websites using Wordpress, PHP, SQL, Javascript, JQuery, HTML, and CSS/SCSS.
- Communicated with clients to understand their needs and translating them into customized content management systems and dynamic websites.
- Built a custom templated solution for the digital version of client's bi-annual publications while preserving brand elements.
- Maintained client websites on both scheduled and as-needed bases, updating their tools and troubleshooting errors or compatibility issues.
- Audited client websites to help maximize their accessibility, speed, SEO, and security.

Web Developer

02/2015 - 06/2017

YellowDog Productions ↗

- Created and maintained websites for clients using Wordpress, PHP, SQL, Javascript, JQuery, HTML, and CSS.
- Programmed and managed the rebuild of yellowdogllc.com.
- Designed, built, and keyframed web animations, enhancing user engagement and visual appeal.
